

ClearFlow Industrial Degreaser HD-40 — 20L Drum

Attribute	Specification
Product Name	ClearFlow HD-40 Industrial Degreaser
Category	Industrial Cleaning Chemicals
Container Size	20 Liter Drum
Material	N/A (liquid chemical product)
Weight	22.5 kg (filled drum)
Certifications	OSHA Compliant, REACH Registered
Hazard Class	Class 8 — Corrosive (per UN 3266)
pH Level	12.5 (concentrated)
Flash Point	None (water-based formulation)
Shelf Life	24 months from manufacture date, unopened
Storage Requirements	Store between 5C and 35C, away from direct sunlight
Dilution Ratio	1:20 for general degreasing, 1:5 for heavy grease/oil removal

ClearFlow HD-40 is a heavy-duty alkaline degreaser formulated for industrial equipment maintenance, machine shop floors, and automotive workshops. Effective on grease, oil, carbon deposits, and mineral buildup on metal surfaces.

CAUTION: Corrosive to skin and eyes in concentrated form. Requires PPE (gloves, eye protection) during handling. Safety Data Sheet (SDS) available upon request.

Not for use on aluminum or painted surfaces without dilution testing. Biodegradable formulation, phosphate-free.
